

Greenland Technologies Announces Initiation of Coverage by Water Tower Research

April 12, 2023

EAST WINDSOR, N.J., April 12, 2023 /PRNewswire/ -- Greenland Technologies Holding Corporation (NASDAQ: GTEC) ("Greenland" or the "Company"), a technology developer and manufacturer of electric industrial vehicles and drivetrain systems for material handling machineries and vehicles, today announced that Water Tower Research LLC ("Water Tower"), a prominent equity research firm, has initiated coverage on the Company.

The Initiation [report](#) highlights that Greenland is a leading Tier 1 supplier of transmissions, integrated electric drivetrains, and all-electric construction equipment. With the significant EV opportunity and its growing base business, Water Tower expects revenue and profitability to rebound in 2023.

Raymond Wang, CEO of Greenland Technologies commented, "We are excited Water Tower has decided to initiate coverage on Greenland, recognizing our strong growth trajectory and commitment to innovation and transformation in the EV industrial heavy equipment market. We believe their research coverage will help investors better understand our business model, strategic vision, as well as the value we bring to the market."

Safe Harbor Statement

This press release contains statements that may constitute "forward-looking statements." Such statements reflect Greenland's current views with respect to future events and are subject to such risks and uncertainties, many of which are beyond the control of Greenland, including those set forth in the Risk Factors section of Greenland's Annual Report on Form 10-K and Definitive Proxy Statement on Schedule 14A filed with the Securities and Exchange Commission ("SEC"). Copies are available on the SEC's website, www.sec.gov. Words such as "expect," "estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "will," "could," "should," "believes," "predicts," "potential," "continue," and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, Greenland's expectations with respect to future performance. In addition, there is uncertainty about the further spread of the COVID-19 virus or the occurrence of another wave of cases and the impact it may have on the Company's operations, the demand for the Company's products, global supply chains and economic activity in general. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated or expected. Statements contained in this news release regarding past trends or activities should not be taken as a representation that such trends or activities will continue in the future. Greenland does not intend and does not assume any obligation to update these forward-looking statements, other than as required by law.
