

Greenland Technologies to Showcase Electric Front Loader at NYC Fleet Show 2023

May 2, 2023

EAST WINDSOR, N.J., May 2, 2023 /PRNewswire/ -- Greenland Technologies Holding Corporation (NASDAQ: GTEC) ("Greenland" or the "Company"), a technology developer and manufacturer of electric industrial vehicles and drivetrain systems for material handling machineries and vehicles, today announced that it will participate in the upcoming NYC Fleet Show 2023 taking place on Thursday, May 11, 2023.

Greenland will showcase its cutting-edge HEVI GEL-1800 lithium powered electric wheeled front loader. Visitors to the NYC Fleet Show are invited to stop by HEVI's booth in Flushing Meadows Corona Park to learn more about the performance, efficiency, and reliability of HEVI machines and the Company's sustainable solutions.

Raymond Wang, CEO of Greenland Technologies commented, "We are thrilled to be a part of the prestigious NYC Fleet Show. The show offers an excellent platform for city officials, fleet managers and industry professionals to experience HEVI's innovative solutions and witness the potential of electric industrial heavy machinery in transforming the fleet management landscape."

Safe Harbor Statement

This press release contains statements that may constitute "forward-looking statements." Such statements reflect Greenland's current views with respect to future events and are subject to such risks and uncertainties, many of which are beyond the control of Greenland, including those set forth in the Risk Factors section of Greenland's Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC"). Copies are available on the SEC's website, www.sec.gov. Words such as "expect," "estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "will," "could," "should," "believes," "predicts," "potential," "continue," and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, Greenland's expectations with respect to future performance. In addition, there is uncertainty about the further spread of the COVID-19 virus or the occurrence of another wave of cases and the impact it may have on the Company's operations, the demand for the Company's products, global supply chains and economic activity in general. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated or expected. Statements contained in this news release regarding past trends or activities should not be taken as a representation that such trends or activities will continue in the future. Greenland does not intend and does not assume any obligation to update these forward-looking statements, other than as required by law.
