GREENLAND ACQUISITION CORPORATION
NOTES TO CONDENSED FINANCIAL STATEMENTS
AUGUST 31, 2019
(Unaudited)

NOTE 1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Greenland Acquisition Corporation (the “Company”) is a blank check company incorporated in the British Virgin Islands on December 28, 2017. The Company was formed for the purpose of acquiring, engaging in a share exchange, share reconstruction and amalgamation with, purchasing all or substantially all of the assets of, entering into contractual arrangements with, or engaging in any other similar business combination with one or more businesses or entities (“Business Combination”).

At August 31, 2019, the Company had not yet commenced any operations. All activity through August 31, 2019 relates to the Company’s formation, its initial public offering (the “Initial Public Offering”), which is described below, identifying a target company for a Business Combination and activities in connection with the proposed acquisition of Zhongchai Holding (Hong Kong) Limited, a company incorporated under the laws of Hong Kong (“Zhongchai Holding”) (see Note 10).

The registration statement for the Initial Public Offering was declared effective on July 24, 2018. On July 27, 2018, the Company consummated the Initial Public Offering of 4,400,000 units (“Units” and, with respect to the ordinary shares included in the Units sold, the “Public Shares”), at \$10.00 per Unit which includes a partial exercise by the underwriters of their over-allotment option in the amount of 400,000 Units, at \$10.00 per Unit, generating gross proceeds of \$44,000,000, which is described in Note 4.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the sale of 282,000 Units (the “Private Units”) at a price of \$10.00 per Private Unit in a private placement to the Company’s sponsor, Greenland Asset Management Corporation (the “Sponsor”) and Chardan Capital Markets, LLC (and its designees) (“Chardan”), generating gross proceeds of \$2,820,000, which is described in Note 5.

Transaction costs amounted to \$2,752,449, consisting of \$1,320,000 of underwriting fees, \$978,314 of deferred underwriting fees (see Note 7) and \$454,135 of other costs. In addition, as of August 31, 2019, \$192,000 of cash was held outside of the Trust Account (as defined below) and is available for working capital purposes.

Following the closing of the Initial Public Offering on July 27, 2018, an amount of \$44,000,000 (\$10.00 per Unit) from the net proceeds of the sale of the Units in the Initial Public Offering and the sale of the Private Units was placed in a trust account (“Trust Account”) which was invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the “Investment Company Act”), with a maturity of 180 days or less or in any open-ended investment company that holds itself out as a money market fund meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the consummation of a Business Combination or (ii) the distribution of the Trust Account to its shareholders, as described below.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and sale of the Private Units, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. NASDAQ rules provide that the Business Combination must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (less any deferred underwriting commissions and taxes payable on interest earned) at the time of the signing of an agreement to enter into a Business Combination. The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance that the Company will be able to successfully effect a Business Combination.

The Company will provide its shareholders with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. In connection with a proposed Business Combination, the Company may seek shareholder approval of a Business Combination at a meeting called for such purpose at which shareholders may seek to redeem their shares, regardless of whether they vote for or against a Business Combination. The Company will proceed with a Business Combination only if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and, if the Company seeks shareholder approval, a majority of the outstanding shares voted are voted in favor of the Business Combination.

If the Company seeks shareholder approval of a Business Combination and it does not conduct redemptions pursuant to the tender offer rules, the Company’s Second Amended and Restated Memorandum and Articles of Association provides that a public shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from seeking redemption rights with respect to 15% or more of the Public Shares without the Company’s prior written consent.

GREENLAND ACQUISITION CORPORATION
NOTES TO CONDENSED FINANCIAL STATEMENTS
AUGUST 31, 2019
(Unaudited)

The shareholders will be entitled to redeem their shares for a pro rata portion of the amount then in the Trust Account (initially \$10.00 per share, subject to increase of up to an additional \$0.30 per Unit in the event that the Sponsor elects to extend the period of time to consummate a Business Combination (see below), plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). The per-share amount to be distributed to shareholders who redeem their shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriter (as discussed in Note 8). There will be no redemption rights upon the completion of a Business Combination with respect to the Company's warrants or rights.

If a shareholder vote is not required and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its Second Amended and Restated Memorandum and Articles of Association, offer such redemption pursuant to the tender offer rules of the Securities and Exchange Commission ("SEC"), and file tender offer documents containing substantially the same information as would be included in a proxy statement with the SEC prior to completing a Business Combination.

The Sponsor and the Company's officers and directors (the "initial shareholders") and Chardan have agreed (a) to vote their founder shares (see Note 6), the ordinary shares included in the Private Units (the "Private Shares") and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination, (b) not to propose an amendment to the Company's Second Amended and Restated Memorandum and Articles of Association with respect to the Company's pre-Business Combination activities prior to the consummation of a Business Combination unless the Company provides dissenting public shareholders with the opportunity to redeem their Public Shares in conjunction with any such amendment, (c) not to redeem any ordinary shares (including the founder shares) and Private Units (including underlying securities) into the right to receive cash from the Trust Account in connection with a shareholder vote to approve a Business Combination (or to sell any ordinary shares in a tender offer in connection with a Business Combination if the Company does not seek shareholder approval in connection therewith) or a vote to amend the provisions of the Second Amended and Restated Memorandum and Articles of Association relating to shareholders' rights of pre-Business Combination activity and (d) that the founder shares and Private Units (including underlying securities) shall not participate in any liquidating distributions upon winding up if a Business Combination is not consummated. However, the initial shareholders will be entitled to liquidating distributions from the Trust Account with respect to any Public Shares purchased during or after the Initial Public Offering if the Company fails to complete its Business Combination.

The Company will have until October 25, 2019 to consummate a Business Combination. However, if the Company anticipates that it may not be able to consummate a Business Combination by October 25, 2019, the Company may extend the period of time to consummate a Business Combination up to two times, each by an additional three months (for a total of 21 months to complete a Business Combination (the "Combination Period")). In order to extend the time available for the Company to consummate a Business Combination, the Sponsor or its affiliate or designees must deposit into the Trust Account \$440,000, or \$0.10 per Unit, on or prior to the date of the applicable deadline, for each three-month extension.

On July 24, 2019, the period of time for the Company to consummate a Business Combination was extended for an additional three-month period ending on October 25, 2019, and, accordingly, \$440,000 was deposited into the Trust Account. The deposit was funded by a non-interest bearing unsecured convertible promissory note from the Sponsor. The note is repayable upon the consummation of a Business Combination (see Note 6).

If the Company is unable to complete a Business Combination within the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than five business days thereafter, redeem 100% of the outstanding Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned (net of taxes payable and less interest to pay dissolution expenses up to \$50,000), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the Company's board of directors, proceed to commence a voluntary liquidation and thereby a formal dissolution of the Company, subject in each case to its obligations to provide for claims of creditors and the requirements of applicable law. The underwriter has agreed to waive its rights to the deferred underwriting commission held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution will be less than \$10.00 per share.

(Unaudited)

The Sponsor has agreed that it will be liable to the Company, if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amounts in the Trust Account to below \$10.00 per share, subject to increase of up to an additional \$0.30 per share in the event that the Company elects to extend the period of time to consummate a Business Combination, except as to any claims by a third party who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). In the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

NOTE 2. LIQUIDITY

As of August 31, 2019, the Company had \$192,000 in its operating bank accounts, \$45,470,537 in marketable securities held in the Trust Account to be used for a Business Combination or to repurchase or redeem shares in connection therewith and working capital of \$163,397, which excludes the advance from related party in the amount of \$210,000 as such amount is payable upon the consummation of a Business Combination and not from the working capital of the Company (see Note 10). As of August 31, 2019, approximately \$1,031,000 of the amount on deposit in the Trust Account represented interest income, which is available to pay the Company's tax obligations. To date the Company has not withdrawn any interest from the Trust Account in order to pay its taxes.

Until the consummation of a Business Combination, the Company will be using the funds not held in the Trust Account primarily to pay the expenses of being a public company and to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses, review corporate documents and material agreements of prospective target businesses, select the target business to acquire and structure, negotiate and consummate a Business Combination.

Subsequent to the consummation of the Initial Public Offering, the Company entered into consulting arrangements for services to help identify and introduce the Company to potential targets and provide assistance with due diligence, deal structuring and documentation of a Business Combination. These agreements provide for aggregate monthly fees of approximately \$30,000.

On April 29, 2019, the Company issued an unsecured promissory note to the Sponsor, pursuant to which the Company borrowed an aggregate principal amount of \$250,000. On July 24, 2019, such note was amended and restated to include a conversion feature (see Note 6).

On September 6, 2019, the Company issued an unsecured convertible promissory note (the "Convertible Note") in the principal amount of up to \$500,000 to the Sponsor. The Convertible Note bears no interest and is repayable in full upon consummation of a Business Combination (see Note 10).

The Company may raise additional capital through loans or additional investments from the Sponsor, an affiliate of the Sponsor, or its officers and directors. The Company's officers and directors and the Sponsor or its affiliates may, but are not obligated to, loan the Company funds, from time to time, in whatever amount they deem reasonable in their sole discretion, to meet the Company's working capital needs.

Other than borrowings currently outstanding under the promissory note in the aggregate amount of \$250,000 and the amounts available under the \$500,000 Convertible Note as described above, the Company does not believe it will need to raise additional funds in order to meet expenditures required for operating its business. Neither the Sponsor or its affiliates, nor any of the officers or directors are under any obligation to advance funds to, or invest in, the Company. Accordingly, the Company may not be able to obtain additional financing. Should circumstances change and the Company is unable to raise additional capital, it may be required to take additional measures to conserve liquidity, which could include, but not necessarily be limited to suspending the pursuit of a potential transaction. The Company cannot provide any assurance that new financing will be available to it on commercially acceptable terms, if at all. Even if the Company can obtain sufficient financing or raise additional capital, it only has until October 25, 2019 (or April 27, 2020, if fully extended) to consummate a Business Combination. There is no assurance that the Company will be able to do so prior to October 25, 2019 (or April 27, 2020, if fully extended).

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying unaudited condensed financial statements have been prepared in U.S. dollars and in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and in accordance with the instructions to Form 10-Q and Article 8 of Regulation S-X of the SEC. Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a complete presentation of financial position, results of operations, or cash flows. In the opinion of management, the accompanying unaudited condensed financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.

The accompanying unaudited condensed financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the period from December 28, 2017 (inception) through November 30, 2018 as filed with the SEC on February 27, 2019, which contains the audited financial statements and notes thereto. The financial information as of November 30, 2018 is derived from the audited financial statements presented in the Company’s Annual Report on Form 10-K for the period from December 28, 2017 (inception) through November 30, 2018. The interim results for the three and nine months ended August 31, 2019 are not necessarily indicative of the results to be expected for the year ending November 30, 2019 or for any future interim periods.

Emerging growth company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company’s financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future events. Accordingly, the actual results could differ significantly from the Company’s estimates.

Cash and cash equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of August 31, 2019 and November 30, 2018.

Marketable securities held in Trust Account

At August 31, 2019 and November 30, 2018, the assets held in the Trust Account were substantially held in U.S. Treasury Bills.

Ordinary shares subject to possible redemption

The Company accounts for its ordinary shares subject to possible redemption in accordance with the guidance in Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” Ordinary shares subject to mandatory redemption are classified as a liability instrument and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders’ equity. The Company’s ordinary shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to occurrence of uncertain future events. Accordingly, ordinary shares subject to possible redemption are presented at redemption value as temporary equity, outside of the shareholders’ equity section of the Company’s balance sheet.

Income taxes

The Company complies with the accounting and reporting requirements of ASC Topic 740, “Income Taxes,” which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company’s management determined that the British Virgin Islands is the Company’s major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of August 31, 2019 and November 30, 2018. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

The Company may be subject to potential examination by foreign taxing authorities in the area of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with foreign tax laws. The Company’s management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

The Company is considered to be an exempted British Virgin Islands Company with no connection to any other taxable jurisdiction, and is presently not subject to income taxes or income tax filing requirements in the British Virgin Islands or the United States. As such, the Company’s tax provision is zero.

Net loss per ordinary share

Net loss per ordinary share is computed by dividing net loss by the weighted average number of ordinary shares outstanding for the period. The Company applies the two-class method in calculating earnings per share. Ordinary shares subject to possible redemption at August 31, 2019 and 2018, which are not currently redeemable and are not redeemable at fair value, have been excluded from the calculation of basic net loss per ordinary share since such ordinary shares, if redeemed, only participate in their pro rata share of the Trust Account earnings. The Company has not considered the effect of (1) warrants sold in the Initial Public Offering and the private placement to purchase 2,341,000 ordinary shares, (2) rights sold in the Initial Public Offering and the private placement that convert into 468,200 ordinary shares, and (3) a unit purchase option sold to the underwriter exercisable for 240,000 ordinary shares, warrants to purchase 120,000 ordinary shares and rights that convert into 24,000 ordinary shares, in the calculation of diluted loss per share, since the exercise of the unit purchase option, warrants and the conversion of the rights into ordinary shares are contingent upon the occurrence of future events. As a result, diluted net loss per ordinary share is the same as basic net loss per ordinary share for the periods presented.

(Unaudited)

Reconciliation of net loss per ordinary share

The Company's net loss is adjusted for the portion of income that is attributable to ordinary shares subject to possible redemption, as these shares only participate in the earnings of the Trust Account and not the income or losses of the Company. Accordingly, basic and diluted loss per ordinary share is calculated as follows:

	Three Months Ended August 31,		Nine Months Ended August 31,	For the Period from December 28, 2017 (inception) Through August 31, 2018
	2019	2018	2019	2018
Net loss	\$ (213,259)	\$ (11,631)	\$ (302,513)	\$ (19,999)
Less: Income attributable to ordinary shares subject to possible redemption	(171,276)	(62,979)	(615,835)	(62,979)
Adjusted net loss	<u>\$ (384,535)</u>	<u>\$ (74,610)</u>	<u>\$ (918,348)</u>	<u>\$ (82,978)</u>
Weighted average ordinary shares outstanding, basic and diluted	<u>1,960,378</u>	<u>1,332,337</u>	<u>1,931,932</u>	<u>1,173,722</u>
Basic and diluted net loss per ordinary share	<u>\$ (0.20)</u>	<u>\$ (0.06)</u>	<u>\$ (0.48)</u>	<u>\$ (0.07)</u>

Concentration of credit risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of a cash account in a financial institution. At August 31, 2019 and November 30, 2018, the Company had not experienced losses on this account and management believes the Company is not exposed to significant risks on such account.

Fair value of financial instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC Topic 820, "Fair Value Measurements and Disclosures," approximates the carrying amounts represented in the accompanying balance sheet, primarily due to their short-term nature.

Recently issued accounting standards

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's condensed financial statements.

NOTE 4. INITIAL PUBLIC OFFERING

Pursuant to the Initial Public Offering, the Company sold 4,400,000 Units at a purchase price of \$10.00 per Unit, which included a partial exercise by the underwriters of their over-allotment option in the amount of 400,000 Units. Each Unit consists of one ordinary share, one right ("Public Right") and one redeemable warrant ("Public Warrant"). Each Public Right will convert into one-tenth (1/10) of one ordinary share upon consummation of a Business Combination. Each Public Warrant entitles the holder to purchase one-half of one ordinary share at an exercise price of \$11.50 per whole share (see Note 8).

NOTE 5. PRIVATE PLACEMENT

Simultaneously with the closing of the Initial Public Offering, the Sponsor and Chardan (and its designees) purchased an aggregate of 282,000 Private Units at \$10.00 per Private Unit for an aggregate purchase price of \$2,820,000, of which 260,000 Private Units were purchased by the Sponsor and 22,000 Private Units were purchased by Chardan (and its designees). The proceeds from the sale of the Private Units were added to the net proceeds from the Initial Public Offering held in the Trust Account.

The Private Units are identical to the Units sold in the Initial Public Offering, except for the private warrants (the "Private Warrants"), as described in Note 8. In addition, the Private Units are not transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Units will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law) and the Private Units and underlying securities will expire worthless.

NOTE 6. RELATED PARTY TRANSACTIONS

Founder Shares

In March 2018, the Company issued an aggregate of 1,150,000 founder shares to the Sponsor for an aggregate purchase price of \$25,000 in cash. The founder shares included an aggregate of up to 150,000 shares subject to forfeiture by the Sponsor to the extent that the underwriters' over-allotment was not exercised in full or in part, so that the Sponsor would collectively own 20% of the Company's issued and outstanding shares after the Initial Public Offering (assuming the initial shareholders did not purchase any Public Shares in the Initial Public Offering and excluding the Private Units and underlying securities). As a result of the underwriters' election to partially exercise their over-allotment option to purchase 400,000 Units and the waiver of the remainder of their over-allotment option, 100,000 founder shares were no longer subject to forfeiture and 50,000 founder shares were forfeited.

The initial shareholders have agreed not to transfer, assign or sell any of the founder shares (except to certain permitted transferees) until, with respect to 50% of the founder shares, the earlier of (i) six months after the date of the consummation of a Business Combination, or (ii) the date on which the closing price of the Company's ordinary shares equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after a Business Combination, with respect to the remaining 50% of the founder shares, upon six months after the date of the consummation of a Business Combination, or earlier, in each case, if, subsequent to a Business Combination, the Company consummates a subsequent liquidation, merger, stock exchange or other similar transaction which results in all of the Company's shareholders having the right to exchange their ordinary shares for cash, securities or other property.

Convertible Promissory Note – Related Party

On April 29, 2019, the Company issued an unsecured promissory note to the Sponsor, pursuant to which the Company borrowed an aggregate principal amount of \$250,000. The note is non-interest bearing and payable upon the consummation of a Business Combination. On July 24, 2019, such note was amended and restated to include a conversion feature, such that up to \$250,000 of the note may be converted upon consummation of a Business Combination into additional Private Units at a price of \$10.00 per Unit. As of August 31, 2019, there was \$250,000 outstanding under the promissory note (see below).

Related Party Advances

During the nine months ended August 31, 2019, the Company's Sponsor advanced an aggregate of \$210,000 to be used for working capital purposes. The advances are non-interest bearing, unsecured and due on demand. Advances amounting to \$210,000 were outstanding as of August 31, 2019. On September 6, 2019, the Company issued the Convertible Note to the Sponsor and, as a result, outstanding advances in the amount of \$210,000 were converted into loans under the Convertible Note (see "Related Party Loans" below and Note 10).

Administrative Services Arrangement

The Company entered into an agreement with Puhui Wealth Investment Management (Beijing) Co., Ltd. (“Puhui”), an affiliate of a member of the Sponsor whereby, commencing on July 24, 2018 through the earlier of the Company’s consummation of a Business Combination and its liquidation, Puhui agreed to make available to the Company certain general and administrative services, including office space, utilities and administrative services, as the Company may require from time to time. The Company pays Puhui \$10,000 per month for these services. For the three and nine months ended August 31, 2019, the Company incurred \$30,000 and \$90,000 in fees for these services, respectively. As of August 31, 2019 and November 30, 2018, \$10,000 of such fees are included in accounts payable and accrued expenses in the accompanying condensed balance sheets.

Related Party Loans

In order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or the Company’s officers and directors may, but are not obligated to, loan the Company funds as may be required (“Working Capital Loans”). Such Working Capital Loans would be evidenced by promissory notes. The notes would either be repaid upon consummation of a Business Combination, without interest, or, at the lender’s discretion, up to \$1,500,000 of notes may be converted upon consummation of a Business Combination into additional Private Units at a price of \$10.00 per Unit. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. On July 24, 2019, the Company’s \$250,000 promissory note was amended and restated to include a conversion feature such that up to \$250,000 of the note may be converted into additional Private Units. In addition, on September 6, 2019, the Company issued a Convertible Note in the aggregate amount of \$500,000 to the Sponsor. As of the date of this report, the Sponsor has funded \$210,000 of the Convertible Note (see Note 10).

Related Party Extension Loans

As discussed in Note 1, the Company may extend the period of time to consummate a Business Combination up to three times, each by an additional three months (for a total of 21 months to complete a Business Combination). In order to extend the time available for the Company to consummate a Business Combination, the Sponsor or its affiliates or designees must deposit into the Trust Account \$440,000, or \$0.10 per Unit, on or prior to the date of the applicable deadline, for each three-month extension. Any such payments would be made in the form of a loan. If the Company completes a Business Combination, the Company would repay such loaned amounts out of the proceeds of the Trust Account released to the Company. If the Company does not complete a Business Combination, the Company will not repay such loans. Furthermore, the letter agreement with the initial shareholders contains a provision pursuant to which the Sponsor has agreed to waive its right to be repaid for such loans in the event that the Company does not complete a Business Combination. The Sponsor and its affiliates or designees are not obligated to fund the Trust Account to extend the time for the Company to complete a Business Combination.

On July 24, 2019, the Company issued an unsecured convertible promissory note in the amount of \$440,000, representing \$0.10 per public share, to the Sponsor to fund a three-month extension payment and, accordingly, \$440,000 was deposited into the Trust Account. The Company now has until October 25, 2019 to consummate a Business Combination. The note does not bear interest and would either be repaid upon closing of a Business Combination, or at the lender’s discretion, up to \$440,000 of the notes may be converted upon closing of a Business Combination into additional Private Units at a price of \$10.00 per Unit. As of August 31, 2019, the outstanding balance under the promissory note amounted to an aggregate of \$440,000 and is included in Convertible Promissory Notes – Related Party in the accompanying condensed balance sheet.

NOTE 7. COMMITMENTS AND CONTINGENCIES

Registration Rights

Pursuant to a registration rights agreement entered into on July 24, 2018, the holders of the founder shares, Private Units (and their underlying securities) and any Units that may be issued upon conversion of the Working Capital Loans (and underlying securities) are entitled to registration rights. The holders of 25% of these securities are entitled to make up to three demands, excluding short form demands, that the Company register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the consummation of a Business Combination. Notwithstanding the foregoing, Chardan may not exercise its demand and “piggyback” registration rights after five (5) and seven (7) years, respectively, after the effective date of the registration statement and may not exercise its demand rights on more than one occasion. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The underwriters were paid a cash underwriting discount of \$1,320,000. In addition, the underwriters deferred their fee of \$1,010,580, which assumes the redemption of 3,747,102 ordinary shares as of August 31, 2019 in connection with a Business Combination. Pursuant to the Company's agreement with the underwriters, 50% of such deferred discounts and commissions (\$0.20, or 2.0%, for each unit) is payable based on the number of shares that are not redeemed by shareholders in connection with a Business Combination. However, in the event no shares are redeemed, the underwriters would be entitled to a fee of \$1,760,000. The deferred fee will be paid in cash upon the closing of a Business Combination from the amounts held in the Trust Account, subject to the terms of the underwriting agreement.

Share Exchange Agreement

On July 12, 2019, the Company entered into a share exchange agreement (the "Share Exchange Agreement") with Zhongchai Holding, the Sponsor, in the capacity thereunder as the purchaser representative (the "Purchaser Representative"), and Cenntro Holding Limited, the sole member of Zhongchai Holding (the "Zhongchai Equity Holder"), pursuant to which, among other things and subject to the terms and conditions contained therein, the Company will consummate the acquisition of all of the outstanding capital stock of Zhongchai Holding through a share exchange, with Zhongchai Holding becoming a direct wholly owned subsidiary of the Company (the "Zhongchai Business Combination"). Pursuant to the Share Exchange Agreement, the Company will issue 7,500,000 ordinary shares to the Zhongchai Equity Holder.

Ten percent (10%) of the Exchange Shares ("Escrow Shares") will be deposited in escrow at the closing of the Zhongchai Business Combination (the "Closing") for a period of eighteen (18) months (subject to further retention in the escrow account to the extent that there are pending indemnification claims brought prior to such time). During such time, the Escrow Shares will be subject to forfeiture back to the Company (along with dividends and other earnings otherwise payable with respect to such Escrow Shares) in the event that the Purchaser Representative successfully brings an indemnification claim under the Share Exchange Agreement on behalf of the Company's shareholders. The Zhongchai Equity Holder will be entitled to vote the Escrow Shares while they are held in escrow.

The Zhongchai Business Combination will be consummated subject to the deliverables and provisions as further described in the Share Exchange Agreement.

Subscription Agreements

On September 8, 2019, the Company entered into subscription agreements ("Subscription Agreements") with certain investors (the "PIPE Investors"), pursuant to which the Company agreed to issue and sell to the PIPE Investors an aggregate of \$6,000,000 of ordinary shares of the Company, at a price of \$10.25 per share, in a private placement (the "PIPE Financing"). Two Subscription Agreements were entered into, one of which provided for \$1,000,000 of the PIPE Financing (the "\$1M Agreement"), and the other for \$5,000,000 of the PIPE Financing (the "\$5M Agreement"). Pursuant to \$1M Agreement, the PIPE Investor had the right to reduce its obligation with respect to the PIPE Financing to the extent that it purchases the Company's shares in one or more open market purchases or in privately negotiated transactions with third parties (any shares so purchased, "Backstop Shares"), which if held and not redeemed in accordance with the requirements of the \$1M Agreement, will reduce the number of Company's shares required to be purchased by such PIPE Investors in the PIPE Financing. The PIPE Investors have agreed to (i) not transfer prior to the Closing any Backstop Shares that they own or otherwise acquire, (ii) vote at the special meeting of shareholders of the Company all of the Backstop Shares that they own or acquire, or otherwise have proxy rights with respect to, in favor of the Zhongchai Business Combination, and each of the other proposals in the special meeting of shareholders of the Company, and (iii) waive and not exercise their redemption rights for any Backstop Shares that they own or acquire. The Company has been advised that by reason of its market purchases, the PIPE Investor will not be purchasing any ordinary shares from the Company.

Effective October 17, 2019, the Company and the subscriber which entered into the \$5M Agreement, mutually agreed to terminate the \$5M Agreement pursuant to a termination agreement. As a result, the Company has not issued, and does not expect to issue, any ordinary shares pursuant to the Subscription Agreements.

More information about the Zhongchai Business Combination is included in the definitive proxy statement/prospectus that the Company filed with the SEC on September 26, 2019. The definitive proxy statement/prospectus contains the notice of special meeting of shareholders of the Company to vote on and adopt the Share Exchange Agreement and to vote on certain related proposals. The special meeting was scheduled for October 17, 2019, which was adjourned to October 24, 2019. There is no guarantee that the Company will be able to hold its special meeting on the scheduled day or at all, or that the conditions to the closing of the Zhongchai Business Combination will be satisfied prior to, or following such meeting.

Legal Matters

On July 12, 2019, the Company filed with the SEC a preliminary proxy statement in connection with a special meeting of the shareholders of the Company to consider and vote on the Business Combination and related matters. Subsequently, the Company filed an amendment to the Preliminary Proxy Statement (the "Amended Preliminary Proxy Statement") and on September 26, 2019, the Company filed with the SEC a definitive proxy statement (the "Definitive Proxy Statement").

As disclosed in the Definitive Proxy Statement, on September 19, 2019, a purported class action challenging the Business Combination was filed in the United States District Court for the District of Delaware (the "District Court"), captioned *Wheby v. Greenland Acquisition Corporation, et al.*, Case No. 19-1758-MN (D. Del.) (the "Action"). The Action alleged certain violations of the Securities Exchange Act of 1934, as amended, and sought, among other things, to enjoin the Business Combination from closing (or, if consummated, to rescind the Business Combination or award rescissory damages), to require the Company to issue a separate proxy statement, and to receive an award of attorneys' fees and costs. The Company believes that the allegations in the complaint are without merit and denies that any further disclosure beyond that already contained in the Preliminary Proxy Statement is required under applicable law to supplement the Preliminary Proxy Statement included therein which has been disseminated to shareholders of the Company. Nonetheless, in order to moot plaintiff's unmeritorious disclosure claims, avoid nuisance and possible expenses, and provide additional information to the shareholders, the Company determined to voluntarily make minor modifications to the Definitive Proxy Statement, which the Company deemed immaterial.

On October 14, 2019, the plaintiff, the Company and all other named defendants in the Action entered into a confidential memorandum of understanding (the "MOU"), pursuant to which a Stipulation and Order of Dismissal ("Stipulation of Dismissal") of the Action was filed on October 14, 2019. The Stipulation of Dismissal was approved and entered by the District Court on October 15, 2019. Among other things, the Stipulation of Dismissal acknowledged that the Definitive Proxy Statement mooted the plaintiff's claims regarding the sufficiency of disclosures, dismissed all claims asserted in the Action, with prejudice as to the plaintiff only, permits the plaintiff to seek an award of attorneys' fees in connection with the mooted claims, and reserves the defendants' rights to oppose such an award, if appropriate.

NOTE 8. SHAREHOLDERS' EQUITY

Preferred Shares — The Company is authorized to issue an unlimited number of no par value preferred shares, divided into five classes, Class A through Class E, each with such designation, rights and preferences as may be determined by a resolution of the Company's board of directors to amend the Memorandum and Articles of Association to create such designations, rights and preferences. The Company has five classes of preferred shares to give the Company flexibility as to the terms on which each Class is issued. All shares of a single class must be issued with the same rights and obligations. Accordingly, starting with five classes of preferred shares will allow the Company to issue shares at different times on different terms. At August 31, 2019 and November 30, 2018, there were no preferred shares designated, issued or outstanding.

Ordinary Shares — The Company is authorized to issue an unlimited number of no par value ordinary shares. Holders of the Company's ordinary shares are entitled to one vote for each share. At August 31, 2019 and November 30, 2018, there were 2,034,898 and 1,906,542 ordinary shares issued and outstanding, excluding 3,747,102 and 3,875,458 ordinary shares subject to possible redemption, respectively.

Rights — Each holder of a right will receive one-tenth (1/10) of one ordinary share upon consummation of a Business Combination, even if the holder of such right redeemed all Public Shares held by it in connection with a Business Combination. No fractional shares will be issued upon exchange of the rights. No additional consideration will be required to be paid by a holder of rights in order to receive its additional shares upon consummation of a Business Combination as the consideration related thereto has been included in the Unit purchase price paid for by investors in the Initial Public Offering. If the Company enters into a definitive agreement for a Business Combination in which the Company will not be the surviving entity, the definitive agreement provides for the holders of rights to receive the same per share consideration the holders of the ordinary shares will receive in the transaction on an as-converted into ordinary share basis and each holder of a right will be required to affirmatively convert its rights in order to receive the 1/10 of one share underlying each right (without paying additional consideration). The shares issuable upon exchange of the rights will be freely tradable (except to the extent held by affiliates of the Company).

If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of rights will not receive any of such funds with respect to their rights, nor will they receive any distribution from the Company's assets held outside of the Trust Account with respect to such rights, and the rights will expire worthless. Further, there are no contractual penalties for failure to deliver securities to the holders of the rights upon consummation of a Business Combination. Additionally, in no event will the Company be required to net cash settle the rights. Accordingly, the rights may expire worthless.

Warrants — Public Warrants may only be exercised for a whole number of shares. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will become exercisable on the later of (a) the consummation of a Business Combination or (b) July 24, 2019. No Public Warrants will be exercisable for cash unless the Company has an effective and current registration statement covering the ordinary shares issuable upon exercise of the Public Warrants and a current prospectus relating to such ordinary shares. Notwithstanding the foregoing, if a registration statement covering the ordinary shares issuable upon the exercise of the Public Warrants is not effective within 90 days from the consummation of a Business Combination, the holders may, until such time as there is an effective registration statement and during any period when the Company shall have failed to maintain an effective registration statement, exercise the Public Warrants on a cashless basis pursuant to an available exemption from registration under the Securities Act. If an exemption from registration is not available, holders will not be able to exercise their Public Warrants on a cashless basis. The Public Warrants will expire five years from the consummation of a Business Combination or earlier upon redemption or liquidation.

The Company may call the warrants for redemption (excluding the Private Warrants), in whole and not in part, at a price of \$0.01 per warrant:

- at any time while the Public Warrants are exercisable,
- upon not less than 30 days' prior written notice of redemption to each Public Warrant holder,
- if, and only if, the reported last sale price of the ordinary shares equals or exceeds \$16.50 per share, for any 20 trading days within a 30 trading day period ending on the third trading day prior to the notice of redemption to Public Warrant holders, and
- if, and only if, there is a current registration statement in effect with respect to the ordinary shares underlying such warrants at the time of redemption and for the entire 30-day trading period referred to above and continuing each day thereafter until the date of redemption.

If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a "cashless basis," as described in the warrant agreement. The exercise price and number of ordinary shares issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, extraordinary dividend or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuances of ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with respect to such warrants. Accordingly, the warrants may expire worthless.

The Private Warrants are identical to the Public Warrants underlying the Units sold in the Initial Public Offering, except that the Private Warrants and the ordinary shares issuable upon the exercise of the Private Warrants are not transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Warrants are exercisable on a cashless basis and are non-redeemable so long as they are held by the initial purchasers or their permitted transferees. If the Private Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

Unit Purchase Option

On July 27, 2018, the Company sold to Chardan (and its designees), for \$100, an option to purchase up to 240,000 Units exercisable at \$11.50 per Unit (or an aggregate exercise price of \$2,760,000) commencing on the later of July 24, 2019 and the consummation of a Business Combination. The unit purchase option may be exercised for cash or on a cashless basis, at the holder's option, and expires July 24, 2023. The Units issuable upon exercise of the option are identical to those offered in the Initial Public Offering. The Company accounted for the unit purchase option, inclusive of the receipt of \$100 cash payment, as an expense of the Initial Public Offering resulting in a charge directly to shareholders' equity. The option and such units purchased pursuant to the option, as well as the ordinary shares underlying such units, the rights included in such units, the ordinary shares that are issuable for the rights included in such units, the warrants included in such units, and the shares underlying such warrants, have been deemed compensation by FINRA and are therefore subject to a 180-day lock-up pursuant to Rule 5110(g)(1) of FINRA's NASDAQ Conduct Rules. Additionally, the option may not be sold, transferred, assigned, pledged or hypothecated for a one-year period (including the foregoing 180-day period) following the date of Initial Public Offering except to any underwriter and selected dealer participating in the Initial Public Offering and their bona fide officers or partners. The option grants to holders demand and "piggyback" rights for periods of five and seven years, respectively, from the effective date of the registration statement with respect to the registration under the Securities Act of the securities directly and indirectly issuable upon exercise of the option. The Company will bear all fees and expenses attendant to registering the securities, other than underwriting commissions which will be paid for by the holders themselves. The exercise price and number of units issuable upon exercise of the option may be adjusted in certain circumstances including in the event of a stock dividend, or the Company's recapitalization, reorganization, merger or consolidation. However, the option will not be adjusted for issuances of ordinary shares at a price below its exercise price.

NOTE 9. FAIR VALUE MEASUREMENTS

The Company follows the guidance in ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.

Level 3: Unobservable inputs based on our assessment of the assumptions that market participants would use in pricing the asset or liability.

The following table presents information about the Company's assets that are measured at fair value on a recurring basis at August 31, 2019 and November 30, 2018 and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description	Level	August 31, 2019	November 30, 2018
Assets:			
Marketable securities held in Trust Account	1	\$ 45,470,537	\$ 44,307,387

NOTE 10. SUBSEQUENT EVENTS

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued. Other than as described below, based upon this review, the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements.

On September 6, 2019, the Company issued a Convertible Note in the aggregate amount of \$500,000 to the Sponsor. The Convertible Note bears no interest and is repayable in full upon consummation of the Business Combination with the option to convert any unpaid balance of the Convertible Note into Private Units at a price of \$10.00 per Unit. In connection with the issuance of the Convertible Note, outstanding advances in the amount of \$210,000 were converted into loans under the Convertible Note. As of the date of this report, the Sponsor has funded \$210,000 of the Convertible Note.

Effective October 17, 2019, the Company and the subscriber which entered into the \$5M Agreement, mutually agreed to terminate the \$5M Agreement pursuant to a termination agreement. The Company has not issued, and does not expect to issue, any ordinary shares pursuant to the Subscription Agreements.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

References in this report (the “Quarterly Report”) to “we,” “us” or the “Company” refer to Greenland Acquisition Corporation. References to our “management” or our “management team” refer to our officers and directors, references to the “sponsor” refer to Greenland Asset Management Corporation. The following discussion and analysis of the Company’s financial condition and results of operations should be read in conjunction with the financial statements and the notes thereto contained elsewhere in this Quarterly Report. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

Special Note Regarding Forward-Looking Statements

This Quarterly Report includes “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Exchange Act that are not historical facts, and involve risks and uncertainties that could cause actual results to differ materially from those expected and projected. All statements, other than statements of historical fact included in this Form 10-Q including, without limitation, statements in this “Management’s Discussion and Analysis of Financial Condition and Results of Operations” regarding the Company’s financial position, business strategy and the plans and objectives of management for future operations, are forward-looking statements. Words such as “expect,” “believe,” “anticipate,” “intend,” “estimate,” “seek” and variations and similar words and expressions are intended to identify such forward-looking statements. Such forward-looking statements relate to future events or future performance, but reflect management’s current beliefs, based on information currently available. A number of factors could cause actual events, performance or results to differ materially from the events, performance and results discussed in the forward-looking statements. For information identifying important factors that could cause actual results to differ materially from those anticipated in the forward-looking statements, please refer to the Risk Factors section of the Company’s Annual Report on Form 10-K and Definitive Proxy Statement on Schedule 14A filed with the U.S. Securities and Exchange Commission (the “SEC”). The Company’s securities filings can be accessed on the EDGAR section of the SEC’s website at www.sec.gov. Except as expressly required by applicable securities law, the Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.

Overview

We are a blank check company incorporated on December 28, 2017 in the British Virgin Islands with limited liability (meaning our shareholders have no liability, as members of the Company, for the liabilities of the Company over and above the amount already paid for their shares) formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more target businesses (“Business Combination”). We intend to effectuate our Business Combination using cash from the proceeds of our Initial Public Offering and the sale of the Private Units that occurred simultaneously with the completion of our Initial Public Offering, our capital stock, debt or a combination of cash, stock and debt.

The issuance of additional shares of our stock in a Business Combination:

- may significantly dilute the equity interest of investors who would not have pre-emption rights in respect of any such issue;
- may subordinate the rights of holders of ordinary shares if the rights, preferences, designations and limitations attaching to the preferred shares are created by amendment of our memorandum and articles of association by resolution of the board of directors and preferred shares are issued with rights senior to those afforded our ordinary shares;
- could cause a change in control if a substantial number of ordinary shares are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the share ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our ordinary shares.

Similarly, if we issue debt securities or otherwise incur significant indebtedness, it could result in:

- default and foreclosure on our assets if our operating revenues after our initial Business Combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if any document governing such debt contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our ordinary shares;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our ordinary shares if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

We expect to continue to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete a Business Combination will be successful.

Recent Development

On July 12, 2019, we entered into a share exchange agreement (the “Share Exchange Agreement”) with Zhongchai Holding (Hong Kong) Limited (“Zhongchai Holding”), the Sponsor and Zhongchai Equity Holder pursuant to which we will consummate the Business Combination and issue 7,500,000 ordinary shares to the Zhongchai Equity Holder. See Note 10 to Item 1 above for a description of the Share Exchange Agreement and the transactions contemplated thereby.

We initially had until July 27, 2019 to consummate a Business Combination. However, if we anticipated that we may not be able to consummate a Business Combination by July 27, 2019, we may extend the period of time to consummate a Business Combination up to three times, each by an additional three months (for a total of 21 months to complete a Business Combination). In order to extend the time available for us to consummate a Business Combination, the Sponsor or its affiliate or designees must deposit into the Trust Account \$440,000 (\$0.10 per Unit), on or prior to the date of the applicable deadline, for each three-month extension. On July 24, 2019, we issued an unsecured convertible promissory note in the amount of \$440,000, representing \$0.10 per public share, to the Sponsor to fund a three-month extension payment and, accordingly, \$440,000 was deposited into the Trust Account. We now have until October 25, 2019 to consummate a Business Combination. The note does not bear interest and matures upon closing of a Business Combination (the “Closing”). As of August 31, 2019, the outstanding balance under the promissory note amounted to an aggregate of \$440,000.

In addition, on September 6, 2019, we issued a Convertible Note in the aggregate amount of \$500,000 to the Sponsor. The Convertible Note bears no interest and is repayable in full upon consummation of a Business Combination with the option to convert any unpaid balance of the Convertible Note into units. As of the date of this report, the Sponsor funded \$210,000 of the Convertible Note.

On September 8, 2019, the Company entered into subscription agreements (“Subscription Agreements”) with certain investors (the “PIPE Investors”), pursuant to which the Company agreed to issue and sell to the PIPE Investors an aggregate of \$6,000,000 of ordinary shares of the Company, at a price of \$10.25 per share, in a private placement (the “PIPE Financing”). Two Subscription Agreements were entered into, one of which provided for \$1,000,000 of the PIPE Financing (the “\$1M Agreement”), and the other for \$5,000,000 of the PIPE Financing (the “\$5M Agreement”). Pursuant to \$1M Agreement, the PIPE Investor had the right to reduce its obligation with respect to the PIPE Financing to the extent that it purchases the Company’s shares in one or more open market purchases or in privately negotiated transactions with third parties (any shares so purchased, “Backstop Shares”), which if held and not redeemed in accordance with the requirements of the \$1M Agreement, will reduce the number of Company’s shares required to be purchased by such PIPE Investors in the PIPE Financing. The PIPE Investors have agreed to (i) not transfer prior to the Closing any Backstop Shares that they own or otherwise acquire, (ii) vote at the special meeting of shareholders of the Company all of the Backstop Shares that they own or acquire, or otherwise have proxy rights with respect to, in favor of the Zhongchai Business Combination, and each of the other proposals in the special meeting of shareholders of the Company, and (iii) waive and not exercise their redemption rights for any Backstop Shares that they own or acquire. The Company has been advised that by reason of its market purchases, the PIPE Investor will not be purchasing any ordinary shares from the Company.

Effective October 17, 2019, the Company and the subscriber which entered into the \$5M Agreement, mutually agreed to terminate the \$5M Agreement pursuant to a termination agreement. As a result, the Company has not issued, and does not expect to issue, any ordinary shares pursuant to the Subscription Agreements.

Results of Operations

We have neither engaged in any operations nor generated any revenues to date. Our only activities from inception to August 31, 2019 were organizational activities, those necessary to prepare for the Initial Public Offering, described below, identifying a target company for a Business Combination and activities in connection with the proposed acquisition of Zhongchai Holding. We do not expect to generate any operating revenues until after the completion of our Business Combination. We generate non-operating income in the form of interest income on marketable securities held after the Initial Public Offering. We are incurring expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence and other expenses in connection with completing a Business Combination.

For the three months ended August 31, 2019, we incurred a net loss of \$213,259, which consisted of operating costs of \$399,478, a change in the value of the deferred underwriting fee liability of \$14,904 and an unrealized loss on marketable securities held in the Trust Account of \$1,782, offset by interest income on marketable securities held in the Trust Account of \$202,905.

For the nine months ended August 31, 2019, we incurred a net loss of \$302,513, which consisted of operating costs of \$994,570 and a change in the value of the deferred underwriting fee liability of \$31,093, offset by an unrealized gain on marketable securities held in the Trust Account of \$5,561 and interest income on marketable securities held in the Trust Account of \$717,589.

For the three months ended August 31, 2018, we had a net loss of \$11,631, which consisted of operating costs of \$82,697, offset by interest income on marketable securities held in the Trust Account of \$13,853 and an unrealized gain on marketable securities held in the Trust Account of \$57,213.

For the period from December 28, 2017 (inception) through August 31, 2018, we had a net loss of \$19,999, which consisted of operating costs of \$91,065, offset by interest income on marketable securities held in the Trust Account of \$13,853 and an unrealized gain on marketable securities held in the Trust Account of \$57,213.

Liquidity and Capital Resources

On July 27, 2018, we consummated the Initial Public Offering of 4,400,000 Units at a price of \$10.00 per Unit, which includes a partial exercise by the underwriters of their over-allotment option in the amount of 400,000 Units, generating gross proceeds of \$44,000,000. Simultaneously with the closing of the Initial Public Offering, we consummated the sale of 282,000 Private Units to the sponsor and Chardan (and its designees) at a price of \$10.00 per unit, generating gross proceeds of \$2,820,000.

Following the Initial Public Offering and the sale of the Private Units, a total of \$44,000,000 was placed in the Trust Account and we had \$1,035,797 of cash held outside of the Trust Account, after payment of costs related to the Initial Public Offering, and available for working capital purposes. We incurred \$2,752,449 in transaction costs, including \$1,320,000 of underwriting fees, \$978,314 of deferred underwriting fees and \$454,135 of other costs.

For the nine months ended August 31, 2019, cash used in operating activities was \$912,700, resulting from a net loss of \$302,513, interest earned on marketable securities held in the Trust Account of \$717,589, an unrealized gain on marketable securities held in the Trust Account of \$5,561 and a change in the value of the deferred underwriting fee liability of \$31,093. Changes in operating assets and liabilities provided \$81,870 of cash.

For the period from December 28, 2017 (inception) through August 31, 2018, cash used in operating activities was \$159,023, resulting primarily from net loss of \$19,999, interest earned on marketable securities held in the Trust Account of \$13,853 and an unrealized gain on marketable securities held in the Trust Account of \$57,213. Changes in operating assets and liabilities used \$67,958 of cash.

At August 31, 2019, we had marketable securities held in the Trust Account of \$45,470,537. We intend to use substantially all of the funds held in the Trust Account (excluding deferred underwriting commissions and interest to pay taxes) to acquire a target business or businesses and to pay our expenses relating thereto. To the extent that our capital stock is used in whole or in part as consideration to effect our Business Combination, the remaining proceeds held in the Trust Account as well as any other net proceeds not expended will be used as working capital to finance the operations of the target business or businesses.

At August 31, 2019, we had cash of \$192,000 held outside the Trust Account. We intend to use the funds held outside the Trust Account primarily to consummate the Business Combination identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses, review corporate documents and material agreements of prospective target businesses, select the target business to acquire and structure, negotiate and complete a Business Combination.

On April 29, 2019, we issued an unsecured promissory note to the Sponsor, pursuant to which we borrowed an aggregate principal amount of \$250,000. The note is non-interest bearing and payable upon the consummation of a Business Combination. On July 24, 2019, such note was amended and restated to include a conversion feature. As of August 31, 2019, there was \$250,000 outstanding under the promissory note.

On September 6, 2019, we issued a Convertible Note in the aggregate amount of \$500,000 to the Sponsor. The Convertible Note bears no interest and is repayable in full upon consummation of a Business Combination with the option to convert any unpaid balance of the Convertible Note into units. As of the date of this report, the Sponsor funded \$210,000 of the Convertible Note.

On September 8, 2019, we entered into Subscription Agreements with the PIPE Investors, pursuant to which we agreed to issue and sell to the PIPE Investors an aggregate of \$6,000,000 of our ordinary shares, at a price of \$10.25 per share, in the PIPE Financing simultaneously with or immediately prior to the closing of the Business Combination, and the PIPE Investors will have the right to purchase Backstop Shares, which, if held and not redeemed in accordance with the requirements of the Subscription Agreements, will reduce the number of ordinary shares required to be purchased by such PIPE Investors in the PIPE Financing. Two Subscription Agreements were entered into, one of which provided for \$1,000,000 of the PIPE Financing, or the \$1M Agreement, and the other for \$5,000,000 of the PIPE Financing, or the \$5M Agreement. We have been advised that by reason of its market purchases, the PIPE Investor will not be purchasing any ordinary shares from the Company. Effective October 17, 2019, we and the subscriber which entered into the \$5M Agreement, mutually agreed to terminate the \$5M Agreement pursuant to a termination agreement. As a result, we have not issued, and do not expect to issue, any ordinary shares pursuant to the Subscription Agreements.

Other than as described above, in order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete a Business Combination, we would repay such loaned amounts. In the event that a Business Combination does not close, we may use a portion of the working capital held outside the Trust Account to repay such loaned amounts but no proceeds from our Trust Account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into Private Units, at a price of \$10.00 per unit at the option of the lender.

We may need to raise additional funds in order to meet the expenditures required for operating our business. Moreover, we may need to obtain additional financing either to consummate our Business Combination or because we become obligated to redeem a significant number of our public shares upon consummation of our Business Combination, in which case we may issue additional securities or incur debt in connection with such Business Combination.

Off-Balance Sheet Financing Arrangements

We have no obligations, assets or liabilities, which would be considered off-balance sheet arrangements as of August 31, 2019. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements. We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or purchased any non-financial assets.

Contractual Obligations

We do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities, other than an agreement to pay Puhui Wealth Investment Management (Beijing) Co., Ltd., an affiliate of a member of the sponsor a monthly fee of \$10,000 for office space, utilities and administrative services to the Company. We began incurring these fees on July 24, 2018 and will continue to incur these fees monthly until the earlier of the completion of the Business Combination and the Company's liquidation.

Critical Accounting Policies

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified the following critical accounting policies:

Ordinary shares subject to redemption

We account for our ordinary shares subject to possible conversion in accordance with the guidance in Accounting Standards Codification ("ASC") Topic 480 "Distinguishing Liabilities from Equity." Ordinary shares subject to mandatory redemption are classified as a liability instrument and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders' equity. Our ordinary shares feature certain redemption rights that are considered to be outside of our control and subject to occurrence of uncertain future events. Accordingly, ordinary shares subject to possible redemption are presented at redemption value as temporary equity, outside of the shareholders' equity section of our balance sheet.

Net loss per ordinary share

We apply the two-class method in calculating earnings per share. Ordinary shares subject to possible redemption which are not currently redeemable and are not redeemable at fair value, have been excluded from the calculation of basic net loss per ordinary share since such shares, if redeemed, only participate in their pro rata share of the Trust Account earnings. Our net income is adjusted for the portion of income that is attributable to ordinary shares subject to redemption, as these shares only participate in the earnings of the Trust Account and not our income or losses.

Recent accounting pronouncements

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on our condensed financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The net proceeds of our initial public offering and the sale of the private units held in the trust account are invested in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Evaluation of Disclosure Controls and Procedures

As required by Rules 13a-15 and 15d-15 under the Exchange Act, our Chief Executive Officer and Chief Financial Officer carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of August 31, 2019. Based upon their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15 (e) and 15d-15 (e) under the Exchange Act) were effective.

Changes in Internal Control Over Financial Reporting

During the most recently completed fiscal quarter, there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

None.

ITEM 1A. RISK FACTORS.

Factors that could cause our actual results to differ materially from those in this Quarterly Report are any of the risks described in our Annual Report on Form 10-K for the year ended November 30, 2018 as filed with the SEC on February 27, 2019 and the Definitive Proxy on Schedule 14A as filed with the SEC on September 26, 2019. Any of these factors could result in a significant or material adverse effect on our results of operations or financial condition. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. As of the date of this Quarterly Report, there have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K for the year ended November 30, 2018 as filed with the SEC on February 27, 2019 and the Definitive Proxy on Schedule 14A as filed with the SEC on September 26, 2019, except we may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

ITEM 5. OTHER INFORMATION.

On July 12, 2019, the Company filed with the SEC a preliminary proxy statement in connection with a special meeting of the shareholders of the Company to consider and vote on the Business Combination and related matters. Subsequently, the Company filed an amendment to the Preliminary Proxy Statement (the "Amended Preliminary Proxy Statement") and on September 26, 2019, the Company filed with the SEC a definitive proxy statement (the "Definitive Proxy Statement").

As disclosed in the Definitive Proxy Statement, on September 19, 2019, a purported class action challenging the Business Combination was filed in the United States District Court for the District of Delaware (the "District Court"), captioned Wheby v. Greenland Acquisition Corporation, et al., Case No. 19-1758-MN (D. Del.) (the "Action"). The Action alleged certain violations of the Securities Exchange Act of 1934, as amended, and sought, among other things, to enjoin the Business Combination from closing (or, if consummated, to rescind the Business Combination or award rescissory damages), to require the Company to issue a separate proxy statement, and to receive an award of attorneys' fees and costs. The Company believes that the allegations in the complaint are without merit and denies that any further disclosure beyond that already contained in the Preliminary Proxy Statement is required under applicable law to supplement the Preliminary Proxy Statement included therein which has been disseminated to shareholders of the Company. Nonetheless, in order to moot plaintiff's unmeritorious disclosure claims, avoid nuisance and possible expenses, and provide additional information to the shareholders, the Company determined to voluntarily make minor modifications to the Definitive Proxy Statement, which the Company deemed immaterial.

On October 14, 2019, the plaintiff, the Company and all other named defendants in the Action entered into a confidential memorandum of understanding (the "MOU"), pursuant to which a Stipulation and Order of Dismissal ("Stipulation of Dismissal") of the Action was filed on October 14, 2019. The Stipulation of Dismissal was approved and entered by the District Court on October 15, 2019. Among other things, the Stipulation of Dismissal acknowledged that the Definitive Proxy Statement mooted the plaintiff's claims regarding the sufficiency of disclosures, dismissed all claims asserted in the Action, with prejudice as to the plaintiff only, permits the plaintiff to seek an award of attorneys' fees in connection with the mooted claims, and reserves the defendants' rights to oppose such an award, if appropriate.

On October 17, 2019, the Company held its special meeting of shareholders to approve a proposal to adjourn the special meeting until 10:00 a.m., Eastern Time, on October 24, 2019. At such time, the special meeting will re-convene at the offices of Ellenoff Grossman & Schole LLP, at 1345 Avenue of the Americas, New York, NY 10105. In connection with the adjournment of the special meeting, the final date for public shareholders to demand redemption of their shares has been extended to 5:00 p.m., Eastern Time, on October 23, 2019.
